Office Action Summary

Serial Number: 09/009327
Art Unit: 3207

Claims 1-32 are pending in this application,

Claims 4-6, 13, 14, 23 and 26-32 are withdrawn from consideration as they are not readable on the elected species of Figs. 1-12A (see applicant's letter dated 06/19/98).

Claims 1-3, 7-12, 15-22 and 24 are finally rejected as set forth in the Office Action dated 07/07/98.

Claims 1-3, 7-12, 15-22 and 24 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The limitation "initial but not continuous pressure" is not supported by the original specification.

The amendment to the abstract of the disclosure filed 10/30/98 is objected to under 35 U.S.C. 132 because it introduces new matter into the disclosure. 35 U.S.C. 132 states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: "through initial but not continuous pressure" is not supported by the original specification.

Applicant is required to cancel the new matter in the reply to this Office action.

Applicant's arguments filed 10/30/98 have been fully considered but they are not persuasive. The limitation of "through initial, but not continuous pressure" is not disclosed in the

original specification. Claims 25-32 are still pending in this application. However, they are withdrawn from consideration as drawn to the non elected species.

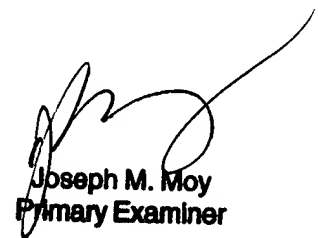

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire **THREE MONTHS** from the date of this action. In the event a first response is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than **SIX MONTHS** from the date of this final action.

Any inquiry concerning this office action will be directed to Examiner Joseph Moy, (703) 308-1145.
